

TEAM KENTUCKY COVID-19 MEMORIAL CITIZEN ADVISORY PANEL

To commemorate the losses and sacrifices Kentuckians have experienced during this once-in-a-lifetime pandemic, Governor Andy Beshear announced a Team Kentucky COVID-19 Memorial will be placed at the State Capitol Monument Park to serve as a reminder to future generations of the sacrifices and losses of our fellow Kentuckians during this difficult time.

The Governor's Office is seeking Kentuckians impacted by Covid-19 to serve on the Team Kentucky Covid-19 Memorial's Citizen Advisory Panel. The panel will be tasked with providing input on the concept proposals submitted by finalists that have been selected to submit site-specific proposals for consideration. If you have been impacted by Covid-19 and wish to serve on this panel, please fill out the form below by July 30, 2021.
